Personal Profile

Able to work on my own initiative, I can work independently, can manage my time effectively and prioritise my tasks in order to meet deadlines or complete projects. Punctual, dedicated and self motivating I am responsible with a mature approach and enjoy taking on new challenges. A team player, as demonstrated in my participation in various projects throughout my degree and my participation in Portsmouth University's 'Game Jam' 2013, I can bring many skills to a team environment. Organised, enthusiastic and flexible I am able to remain calm when under pressure and can adapt easily to new working environments. Creative and imaginative, I am always looking to find new and better solutions for problems I encounter.

Key Skills

- 3D Modelling, texturing, Rigging, Animation and Rendering
- Video Editing
- C/C++ Programming
- Python Programming
- Experience using Linux operating systems
- Holds Full UK Driving Licence

Work Experience

Sainsbury's Store Colleague

June 2016 - July 2017

My role at Sainsbury's was a varied one, due to the store being convenience, involving regular engagement with customers whether on checkouts or the shop floor. Working mostly evenings I had to prioritise tasks and work under pressure while busy to make sure the store remained stocked and clean while also performing other tasks to get ready to close for the evening.

Argos Customer Assistant (Temp)

September 2015 – December 2015

My role at Argos varied depending upon the roles that needed filling each day. This caused for me to receive a large amount of training in stockroom safety, dealing with customers appropriately, upselling products as well as using the till and stockroom systems to sell and retrieve items. The main goal of my role at Argos was to provide a great and personal shopping experience for the customer.

B&M Home Store

April 2014 – August 2014

My duties at B&M changed on a daily basis. They regularly included replenishing and rotating stock, dealing with customers queries and providing them with a good shopping experience as well as cleaning and maintaining the store.

Fareham College

November 2013 – July 2014

My role at Fareham College was as a Student Ambassador. I would be invited to a large variety of events that the college holds or the college has been invited to. It was my job to advertise the college to future potential students and their parents.

Cobham Tactical Communications & Surveillance June 2011-July 2011 & June 2012-July 2012

My duties included general finance related administration duties, data cleansing and sorting data on computer systems. I enjoyed this role as I was able to use my IT knowledge and work with computers for the majority of the time.

HMS Sultan May 2010 (Work Experience)

As part of my school work experience programme, I was placed at HMS Sultan as a Marine Engineering Assistant. Although I wasn't there long, I was trusted to work with diesel engines and I completed general light engineering duties.

Collectors Record Centre January 2009 - May 2009

My duties included providing a high level of customer service at all times, stock taking and replenishing and rotating stock.

Education & Qualifications

Bournemouth University (NCCA) 2014 - 2017

BA (Hons) Computer Visualisation and Animation 2:1

Fareham College 2011 - 2014
